

MY REVIEW ON JUST CRAZY!!! BY LOCKIE

The funny tale of Just Crazy was published in 2000. I really like reading the book.

The main character is Andy, he is really crazy and funny. Andy makes up a lot of crazy jokes.

In the book they visit a spider web, a shop, Andy's house and his school. It's crazy that they visit a spider web isn't it?

The main problem is a dog eats a flying saucer-THAT'S CRAZY!

Magnificent book, I recommend it for grade 2 onwards. 4 stars. ****
