

A decorative border of red starburst patterns surrounds the text.

My Review of The 91-Storey Treehouse

The 91-Storey Treehouse was first published in 2017 by Pan Macmillan and this book is the 7th book so far in the series.

Andy is one of the characters, he's smart, the author and organised.

Terry is funny silly and the illustrator of the series. Terry always gets told off by Andy because he's really silly.

One of the places that the story takes place is in Madam Know it all's tent, where you can ask her any question you want. Also in a submarine sandwich shop, that serves

sandwiches the size of real submarines. Lastly in the world's strongest whirl pool.

One of the main problems is that Alice Albert and the baby run away from Andy and Terry to go to the world's strongest whirlpool. The 91-Storey tree house is magnificent I give it

5 stars *****.
