

KARINGAL HEIGHTS PRIMARY SCHOOL

Recent News Week ending May 18

Hello Subscribers Name

Welcome to this week's Recent News.

NAPLAN testing has been completed and I would like to thank all the students and teachers for their hard work in preparing for the testing. Results will be available sometime in Term 3.

Don't forget that Wednesday 27th June is a Pupil Free Day so that we can have our mid year conferences with teachers, children and parents.

District Cross Country

District Cross Country will be held on Friday 25th of May. Selected children have received a notice about this. Please return all notices and money by Wednesday.

George's Marvellous Medicine

The children absolutely enjoyed the production at the Arts Centre of George's Marvellous Medicine. Have a read to see what our grade 4, 5 and 6 children thought!

Tamika

My favourite part of George's Marvellous Medicine today was when the old nanny goat kicked George's father after having some medicine.

Mak

It was cool when all the different coloured smoke went up into the air at start of the show.

Tyson

I like when they gave the medicine to his nan because she floated up and made a dint in the house.

Jaxson

When Grandma grew because as she was growing, she was saying funny things.

Mitch

When the grandma grew it was hilarious because she kept on farting while she grew - the actor was really funny.

Lola

At the start, the music was great. I had fun dancing to the songs.

Eden

I thought it was great when George put all the stuff into his medicine. The weirdest thing was the dark tan shoe polish. Yuck!

Basem

I really liked the dancing during the show. George was the best dancer.

Alisha

I enjoyed watching when the Grandma grew taller. It was amazing how they made her grow that tall. It was funny when the chicken got turned into chicken nuggets.

Hope

When grandma went up in the air it was funny.

Ilyssa

I like the actor who played grandma because he was very funny, especially when he was having the medicine.

Isis

I liked the part when the goat was attacking George's dad. It was really funny.

Stasia

At the start of the show, when all the smoke was puffing up at us, it was a great surprise. Also when the grandma rose up into the air, I thought it was amazing.

Chloe

My favourite part was when their pet chicken "Nugget" was turned into a chicken nugget.

Luke

I enjoyed when the grandma was growing really tall because it was cool how they made her rise up into the air.

Chace

I enjoyed when the grandma started dancing and did the worm across the stage as well as "the floss" dance.

Aislin

I liked how they made everyone really tall - they had a really good trick of using shadows to make them look taller or smaller. I wonder what the items actually were that went into the medicine?

Eylul

The actual production and setting of the show was marvellous. The sound effects were great. My favourite part was when grandma grew taller.

Abbie

The part where the grandma first came out onto the stage, in her huge chair, was exciting and terrifying all at the same time because of the lighting, music and fog.

Taliah

The jokes in the play were quite funny. Their acting ability during the fight scene was very good - quite believable.

Ethan

I enjoyed the part when the grandma used her two canes to poke at George and jammed him on the foot - very funny.

Have a great weekend
