

KARINGAL HEIGHTS PRIMARY SCHOOL

Recent News Week Ending March 9

Hello Subscribers Name

Welcome to this week's Recent News. Enjoy the weather this long weekend and see you all on Tuesday.

Garden Working Bee

A big thank you to Mikayla, Rowen, Tatiana, Ethan and Trae for their help in the garden this afternoon. A small group but we have made a start. Look out for our next mini working bee early next term.

School Nursing Program

Last week we were visited by Kate, our school nurse who looked at some of our Prep children. These visits are very important for your child. If your child is in Prep and you have not returned your School Nurse consent forms and questionnaire you still have time.

School Photos

Our school photos will be taken on Friday, 27th April. Please put this date on your calendar. You will receive more information about this early in Term 2.

AFL Clinic

Recently, as an extra to our Sporting and Physical Education program we were visited by Jarryd from the AFL who conducted AFL football clinics with all of our students. They all had a great time with many budding footballers in evidence. Don't forget that our local football club is the Karingal Bulls who have both girls and boys teams.

Grandparents and Special Friends' Morning

What a lovely morning we had when our school was filled with our Grandparents and Special Friends. The pride in our children's faces when they were able to show their friends their classroom and work. I saw a lot of painting, literacy and digital technologies being used. Take a look in our gallery for some more photographs.

No Smoking in the Playground Car Park

Frankston City Council recently contacted KHPS about the carpark located near the Havana Cres playground. As the carpark is within 10 metres of the playground and council buildings smoking is banned there. The council are in the process of making signs which will be erected soon. Please do not smoke in the carpark as you may be fined.

Academic Excellence

Our school is a great school. How do I know? We have been looking at our academic achievements for the past 12 months and they have been great! The majority all of our children achieved 12 months growth in numeracy, reading and writing in all grade levels. This is a fantastic result. Our NAPLAN results reported that we had a big improvement in our reading and numeracy. Our teachers work hard and our students work hard. We now need parents supporting us in making sure their children attend

school everyday and arrive on time always. This will help us achieve greater results. Well done to everyone at Karingal Heights.
